The 24th Biennial Conference on the Biology of Marine Mammals will be held on 1 - 5 August, 2022 in Palm Beach, Florida, USA. The Society for Marine Mammalogy holds biennial international meetings with the goal of enhancing collaboration, sharing ideas, and improving the quality of research on marine mammals within the scientific community.

Conference - Society for Marine Mammalogy

Milking is the act of removing milk from the mammary glands of cattle, water buffalo, humans, goats, sheep, and, more rarely, camels, horses and donkeys.Milking may be done by hand or by machine, and requires the animal to be currently or recently pregnant. The milker may refer either to the animal that produces the milk or the person who milks said animal.
