the top bar and select whatever folder you want your new part to go into. 3. Next hit the New Button, make sure the type is set to part. Change the name to whatever you want to name your part and hit OK.

Creo 2.0, Basic Modeling Tutorial

Creo 7.0 features improvements to the Creo Additive Manufacturing Extension. You can now add lattices based on the Delaunay algorithm. The software identifies and follows hard edges meaning the lattices are faster and cleaner. Additionally, custom cell improvements give users greater flexibility when creating lattice structures. ...
