One of the last steps in  
building a 3-statement  
financial model is  
forecasting shares  
outstanding. The share

# Read Book It Earnings That Count Finding Stocks With Earnings P

count matters because it tells you how much of a company is owned by each shareholder. In the 3-statement model, this is important because it will help us forecast earnings per share (EPS), which is a ratio that shows how much of current-period net income is “owned” by each shareholder.
