Japanese Abacus Its Use And

The abacus (plural abaci or abacuses), also called a counting frame, is a calculating tool which has been used since ancient times. It was used in the ancient Near East, Europe, China, and Russia, centuries before the adoption of the Hindu-Arabic numeral system. The exact origin of the abacus has not yet emerged. It consists of rows of movable beads, or similar objects, strung on a wire.

Abacus - Wikipedia

The history of abacus dates back to nearly 2500 years back. The Abacus is an ancient mathematical
