to my dealer and got a copy of the shop manual on a disk. Take it home and burn a copy then stick it threw a printer as I want a paper copy out in the shop. I only want the info for engine teardowns so any of the 250 or 300 two stroke manuals will do. I believe the one I'm using now for my 2011 300 XC is the manual from a 250 SX.
