Sociology John Macionis 14th Edition

Sociology as a scholarly discipline emerged, primarily out of Enlightenment thought, as a positivist science of society shortly after the French Revolution. Its genesis owed to various key movements in the philosophy of science and the philosophy of knowledge, arising in reaction to such issues as modernity, capitalism, urbanization, rationalization, secularization, colonization and imperialism.

History of sociology - Wikipedia

A recent variety of the conflict perspective propounded by Andersen and Collins is the intersection perspective. This perspective refers to the interactive or combined effects of racism, classism (elitism), and gender in the oppression of people.

Sociological Theories of Prejudice and Racism - Free Sociology Notes ...

El positivismo o filosofía positiva es una teoría filosófica que sostiene que todo conocimiento genuino se limite a la interpretación de los hallazgos «positivos», es decir, reales, perceptibles sensorialmente y verificables. Según esta postura, todo conocimiento genuino es o bien positivo —a posteriori y derivado exclusivamente de la experiencia de los fenómenos naturales y de sus ...

Positivismo - Wikipedia, la enciclopedia libre

In philosophy, the term idealism identifies and describes metaphysical perspectives which assert that reality is indistinguishable and inseparable from human perception and understanding; that reality is a mental construct closely connected to ideas. Idealist perspectives are in two categories: (i) Subjective idealism, which proposes that a material object exists only to the extent that a ...

Idealism - Wikipedia

El idealismo es la familia de teorías filosóficas que afirman la primacía de las ideas o incluso su existencia independiente. Afirman que la realidad, o la realidad que podemos conocer, es fundamentalmente un constructo de la mente o inmaterial. El idealismo supone que los objetos no pueden tener existencia sin que haya una mente que esté consciente de ellos.
